WORK EXPERIENCE (your most impressive thing needs to be first, period – i.e., no vague summaries)

SheetsResume.com **Aug. 2023 – Present**
Co-Founder *Remote*

- SheetsResume.com is an online repository of free and paid resume and job seeking resources used by millions.
- Ideation, product management, & marketing for AI-powered Resume Builder, Cover Letters, & Mock Interviews.
    - **Stack:** JavaScript (React); PHP (Laravel + Inertia); Linux (Ubuntu); Nginx; OpenAI; Gemini; MySQL
- Core responsibility #3. Pretend this is where they stop reading your resume. You've got 10 seconds. Use them.

Company Name #2 **Oct. 2017 – Jul. 2023**
Job Title (can slightly tweak titles based on what you're applying for – no one will find out or care) *City, ST*

- Lead with a company overview to borrow validity from the company's numbers to anchor the screener on something super impressive. E.g., sales, market cap, Fortune 500 status, # of users, # of employees, $ raised, etc.
- As [role], I [core responsibilities that match the job description, including some high-level numbers if impressive].
    - **Key Results:** Use sub-bullets to list quantifiable key results for specific projects or responsibilities. E.g., revenue, cost savings, man hours saved, partners onboarded, customers/users acquired, review rating, etc.
    - Sub-bullets are for more detail if needed, like KPIs, your tech stack, notable clients, or project examples.

Company Name #3 **Month Year – Month Year**
Job Title *City, ST (or just put "Remote")*

- Core responsibility / achievements / summary of job or company. Abbreviate all month names ("Jul." not "July").
    - **Key Result:** Nest further context as sub-bullet points to really highlight an important top-level bullet.
- Core responsibility #2. Bold and italicize words very sparingly: "When everyone is super, no one will be."

Company Name #5 **Month Year – Month Year**
Current Job Title | Month, Year – Present *City, ST*

- If you've been promoted / have held multiple titles at one company, put dates in italics next to each title like so.
- Core responsibility #2. As the jobs get older in your timeline, they're less relevant and need fewer bullet points.

Prior Job Title | Month, Year – Month, Year

- "Prior to my promotion to [current title], I…" core responsibility #1. Older job, less relevancy, 1 bullet is fine.

Company Name #6 **Month Year – Month Year**
Job Title *City, ST*

- Core responsibility #1. Even older job. For past jobs with zero relevance, save space and skip any bullet points.

EDUCATION (for early-career candidates with less work experience, you can put this section first before WORK)

University Name **Graduation Month, Year**
Degree (e.g., B.S.), Majors (e.g., Computer Science) *City, ST*

- **GPA: 3.X/4.0** (list only if GPA is over 3.3); list any honors like *Summa Cum Laude* or Economics Honors Society

CERTIFICATIONS, SKILLS & INTERESTS (can put Skills / Certifications first if transitioning your career)

- **Certifications:** If you have relevant ones; otherwise delete this bullet point + "**CERTIFICATIONS**" above
- **Technologies:** If you have a lot of hard skills vs soft skills, you can break them out into two different bullets.
- **Skills** *(plug in your own and rearrange depending on role)*: Strategic Planning; Brand Marketing; Copywriting; Hiring
- **Interests** *(makes them see you as human / coworker)*: Camping; Composting; Yoga; Traveling; Fishing; Reddit; *Seinfeld*

Made for you with love by Colin McIntosh. Please pay it forward, and share SheetsResume.com with others who can also benefit from it ☺
*If you still need more resume help, try our **AI Resume Builder**, or join our subreddit /r/SheetsResume and follow @SheetsResume on YouTube.*
***Delete this footer**, plug in your own info above, adjust margins so it's even, save as **FirstName LastName Resume**, and go get your dream job!*
